

4888/ 98 Day

Placement Considerations

Silty Loam	9
Clay	8
Sand	8
Narrow rows	7
Corn After Corn	7
No Till	8

- **Works across all soil types**
- **Can handle high populations**

Agronomic Highlights

Emergence	8
Early Vigor	8
Stalk Strength	8
Root Strength	8
Stay Green	7
Ear Type	S-FL

- **Excellent tar spot tolerance**
- **Plant early with great seed emergence and early vigor ratings**

Management Notes

Dry Down	7
Drought Tolerance	8
Test Weight	7
Fungicide Response	8
Silage	8

- **Plant at moderate to high populations**
- **Keep on rotated acres.**

Disease Tolerance

Northern Leaf Blight	8
Gray Leaf Spot	6
Goss' Wilt	8

Special Features

- **✓ Identity Preserved Production**
- **✓ Untreated and Organic Seed Available**
- **✓ Plant Height Medium**
