

6493/ 114 Day

Placement Considerations

Silty Loam	8
Clay	7
Sand	7
Narrow rows	7
Corn After Corn	7
No Till	8

- **Excellent on variable soils**

- **Workhorse hybrid east to west**

Agronomic Highlights

Emergence	8
Early Vigor	8
Stalk Strength	8
Root Strength	8
Stay Green	8
Ear Type	S-FL

- **Takes off strong with top emergence and early vigor ratings**

- **Excellent disease resistance and stay green**

Management Notes

Dry Down	7
Drought Tolerance	8
Test Weight	8
Fungicide Response	9
Silage	7

- **Drought tolerance is very good for tougher conditions**

- **Dual purpose hybrid for grain or silage**

Disease Tolerance

Northern Leaf Blight	9
Gray Leaf Spot	8
Goss' Wilt	8

Special Features

- **✓ Identity Preserved Production**

- **✓ Untreated Seed Available**

- **✓ Plant Height Tall**
